Education

2025

Start doctorate degree in finance & business consulting

2024

Master Degree in Projects management and Risk management

Master Degree in business Administration

2003

Bachelors in Civil Engineering

1992

Diploma in civil engineering-

Member in CIArb

(Chartered Institute of Arbitrators)
ID No: 6098948

Fellow in Chartered Management Institute **(FCMI)**

under ID No
P05221002

Member in Arab Union of Arbitration for investment and economic disputes

Member in Aqaba gulf-arbitration

progress, time, materials, equipment use and personnel, Pipe racks, Row Water ponds construction, include lining works, Guard ponds construction, include lining works. ramps, sidewalks, road paving and milling and Wight bridge structures Management to all underground water and wastewater systems. Construction inspection of roadway and utility tunneling segment, Construction inspection of Tunneling works – Jet Grouting, Cross passages etc. Set up budget and meets deadlines. Setup schedule, punch list, change order & invoices. Coordinate work with subcontractors and inspectors. Review material submittals and answer all RFI's and review shop drawings. Construction management, Operation & maintenance, traffic management, soil erosion, specifications and standards details, cost estimate and design.

- Phosphate mining works. Phosphate mining works include extracting and transportation to crushing plants.

Projects specific highlights:

- Contracts management.
- Construct a utility and roadway tunnels
- Construct ramps, sidewalks, road paving and milling, asphalt layers.
- Retaining Walls.
- Water tunnels (utilizing open trench and tunneling)
- Road side protections. (Riprap, gabions, gourd rail, hand rail, curbstone, ...)
- Road construction. (Large quantity of cut & fill).
- Huge Box culverts, pipe culverts. & Protection (lose riprap, grouted riprap).
- Multi-layer long concrete retaining walls, heights of 5-10 m.
- Phosphate mining

Employment History:

- **Joint Venture of Mid Contracting Co & Arabian Environmental Construction Co** - project Construction of new cell # 6 in Ghabawi landfill for disposal of municipal non-hazardous solid waste. (1/5/2022 till 31/10/2023).
- **Mid Contracting Company** – project Amman BRT (Bus Rapid transport) 3packages (2019) to (2020).
- **Al-Shoani General Contracting** -several projects (1/8/2018) to (30/4/2019) director for several projects.
- **Mid Contracting Company** – project Amman Strategic Reserve Terminal for Petroleum Products Algabawi (16/5/2016) to (20/7/2017) as a construction manager.
- **Al-Shoani General contracting** –project (Albacaloria/Alfuhais/Alhommar) road. (1/1/2014) to (15/5/2016) as a project manager.
- **Mid Contracting Company** - Project Elshydia Phosphoric Acid Plant Section Manger Jan2011-DEC 2013.Sulfuric and phosphoric acid plant with 250-million-dollar, Six No wells with 14,000,000 JD.
- **Al-Shoani General Contracting** / Ministry of housing & public work. Project: Jerash Entrance Road - Design build project - Project manager. 2008- DEC 2010.
- **Al-Shoani General Contracting** / ministry of housing & public work. Project: Swaq hazard waste road - Site Engineer. 2006- 2008
- **Al-Shoani General Contracting** / phosphate mining company. Project: Alhissa Mining Area - Site Engineer. 2003- 2006, Phosphate mining works.
- **Al-Shoani General Contracting** / ministry of housing & public work. Project: Homret Alsahen.
